RE: RFB Number: RFP 26070001 - Amendment No. 8
Commodity: Seismic Instrumentation and Installation in New Mexico

Q1. We note that the RFP references several sets of terms and conditions (Section 5 and the appended PSA). To ensure proper review and responses, please clarify which terms and conditions are expected to govern this procurement and the resultant contract. Additionally, if more than one set applies, please provide the order of precedence to resolve any potential conflicts.

A1. The terms and conditions outlined in Section 5 of the RFP will govern this procurement and take precedence over any others. During contract negotiations, NMIMT will either use its standard Professional Services Agreement (PSA) or consider a contract template proposed by the selected vendor.

If an Offeror wishes to request any changes to the RFP's terms and conditions—including those in the PSA or Section 5—those changes must be clearly identified in the proposal under a section titled "TERMS AND CONDITIONS."

Please note: Any terms or conditions not addressed in the proposal will not be considered later. Any conflicting terms in the vendor's forms (quotes, proposals, contracts, etc.) that contradict this RFP or the final contract will be considered void and unenforceable.

ALL OFFERORS ARE REQUIRED TO CONFIRM THE RECEIPT OF THIS AMENDMENT IN THEIR RESPONSE.
ALL OTHER TERMS AND CONDITIONS OF THE RFP REMAIN UNCHANGED.
